Defining in care and care leavers. The 16 to 19 Bursary Fund defines 'in care' as children looked after by a local authority on a voluntary basis (section 20 of the Children Act 1989) or under a care order (section 31 of the Children Act 1989). Section 22 of the Children Act 1989 defines the term 'looked after child'. A 'care leaver' is defined as:

- a young person aged 16 and 17 who was previously looked after for a period of 13 weeks consecutively (or periods amounting to 13 weeks), which began after the age of 14 and ended after the age of 16; or
- a young person aged 18 or above who was looked after prior to becoming 18 for a period of 13 weeks consecutively (or periods amounting to 13 weeks), which began after the age of 14 and ended after the age of 16.

Foster care, including privately arranged foster care.

- A young person placed with a foster carer by the local authority, including where the foster carer is on the books of an independent fostering agency, is classed as looked after. They meet the criteria for the 'in care' vulnerable group where they need financial support to participate.
- A child who is privately fostered (in other words, a private arrangement is made between the parent and the person who will care for the child) is not classed as a looked after child and is not eligible for the bursary for vulnerable groups.
