

LUCY BULL

SCHOOL:

The Kingsway School

COURSE:

Level 3 Art & Design

CAMPUS:

Northenden

WHAT ATTRACTED YOU TO THE MANCHESTER COLLEGE?

It's very close to home. I came to an open evening and saw the space and facilities here and it was so different compared to other colleges.

HOW HAS YOUR TIME AT TMC INFLUENCED YOUR AMBITIONS?

When I first started, I wasn't thinking about university but my tutor has inspired me and encouraged me to apply.

WHAT ARE YOUR CAREER GOALS?

I would love to become an Illustrator for children's books. I am going to progress on to university to study illustration.

WHAT ARE YOU MOST PROUD OF?

I have really been pushed out of my comfort zone working with different types of art e.g. Digital and 3D which I normally would have given up on. I have loved it all!

WHAT WORK EXPERIENCE HAVE YOU HAD?

Last Year we did a group project at The Dirt Factory, where we worked together to design a huge logo board. I've also done a bit of independent work experience with my dad who is a graphic designer. I've managed to find out so much about careers in the industry.
