

Student Work Experience Insights

Jodie completed an industry placement with our employer partners at North Manchester General Hospital and has shared her experiences:

What new skills did you develop during your industry placement?

- In my placement I have learnt to be professional within the workplace with both staff and patients
- I have learnt how I can be helpful and help different people in different ways

What was the best part of your industry placement?

- I really enjoyed my time at the placement, I enjoyed meeting the staff and the patients and making a difference by helping them

What career are you aiming for and how has your industry placement helped?

- I am looking to carry on with training and become a nurse and doing this placement has helped me to make this decision and to pursue my career within the NHS as a nurse

What advice would you give to other students going on an industry placement?

- Choose a placement that you are interested in as a career as doing this placement at the hospital has helped me confirm 100% that this is what I want to do for the rest of my career and what I need to do next to get there

Work Experience and employability skills will form a big part of your student journey when you join The Manchester College. Each week you will attend Employability Hour as part of your time-table, during which you will develop employability skills.

All students will have the opportunity to take part in work experience with one of our fantastic employer partners. Any work experience will be directly related to college studies and future career aims.

Visit our website www.tmc.ac.uk and find out more about our courses to help you achieve your career goals.
