HEALTH & SOCIAL CARE PRE-ENROLMENT RESOURCE PACK

Health and Social Care

Activity Pack for Schools

#InThisTogether

Yr 11

The tasks in this activity pack are designed to support your transition from school to college if you are planning on following a career within Health and Social Care. You should attempt to have a go at each of the activities in this pack, building a portfolio which demonstrates your skills and knowledge. You can bring this portfolio along with you during your first weeks here with us at The Manchester College.

Yr 10

If you would like to have a go at any of the activities in this pack, it's a great opportunity to start building a portfolio which demonstrates your skills and knowledge for college. This would be useful for you to bring along with you to any of your interviews or applicant evenings next year.

We also have a competition running alongside this activity pack. Of designing a Health and Social Care poster.

Activity 1 – Inspirational people

Let's have a go at creating a chart of inspirational people in Health and Social care. These can be past or present. Use pictures and explain your reasons for selecting the individuals. Don't forget to update your social media and tag us in.

RESEARCH TASK - Do some research before you start, you'll be surprised how many people you find that have changed the way the NHS and Care professions work.

Inspiration

Activity 2 – Planning a Care Facility

Brief: Our tutor Sally would like to join her in planning new care facility, we will need new equipment, staff and services that meet the needs of our service users. The age range is 60-90+

Task 1: Planning. Create a mood board of equipment we will need.

Task 2: Create job roles and responsibilities for the staff you require.

Be as creative as you want! Here are some examples that you could use to get you started...

Activity 3- NHS quiz and careers

Our tutor Matt has found these great links.

Why don't you have a go and increase your knowledge?

This will also help you with activity 5.

<https://www.aquestionofcare.org.uk/character-introduction>

<https://www.stepintothenhhs.nhs.uk/careers/take-the-test>

Activity 4 – Future career

Task 1: Using your research skills, our tutors would like you to come up with your own career pathway. You will need to think carefully about what your aims and goals are. There are many things to think about such as:

- Job role
- Dedication and motivation
- GCSE results
- University courses

Task 2: Produce a leaflet all about your career pathway, you can include pictures to make it eye catching, we will display these in our corridors. If you are more comfortable with using technology, why not make a video or YouTube clip and send it us.

Activity 5 – Health and Social Care Poster

Now the management team Alison, Matt and Sally, would like you to create a pictorial poster, this can be anything related to Health and Social Care. Make it colourful and interesting as these are going to be displayed in our department to showcase our student's creative abilities.

Good luck and we hope you enjoy our activities.

**** REMEMBER to keep all of your work safe in your portfolio ****
