WHAT ATTRACTED YOU TO THE MANCHESTER COLLEGE?

The courses were really different and looked interesting. It was very easy to find out information about the courses online.

HOW HAS YOUR TIME AT TMC INFLUENCED YOUR AMBITIONS?

I have always been ambitious but now I feel that I know more about my options. I have got into a mindset where I know I can achieve and I always aspire to do my best.

WHAT ARE YOUR CAREER GOALS?

I am thinking about going to university and maybe following a Forensics path.

WHAT ARE YOUR HIGHLIGHTS?

I completed my first exam before Christmas. The course is all about the study of criminals and crime, with a bit of Law and Psychology. There's also a lot of Science and History involved too. So far I've found it interesting learning about social norms and how the law & crime has changed. I am hoping to gain some experience next year in the Forensics Department with the Police.

WOULD YOU RECOMMEND TMC?

Yes. Definitely. It's a lot different, very challenging and engaging. I have settled in so quickly and feel that I have matured a lot. I am so ready for my future.
